Evenica's e4Integrate Now Available in the Microsoft Azure Marketplace

Microsoft Azure customers worldwide now gain access to e4Integrate to take advantage of the scalability, reliability, and agility of Azure to drive application development and shape business strategies.

BURLINGTON, Ontario, Canada – April 11th, 2022 – Evenica today announced the availability of e4Integrate in the Microsoft Azure Marketplace, an online store providing applications and services for use on Azure. Evenica customers can now take advantage of the productive and trusted Azure cloud platform, with streamlined deployment and management.

e4Integrate is a customizable integration platform that acts as the foundation for omnichannel development. Through a personalized, user-friendly interface, e4Integrate gives you rapid access to the data you need and makes system monitoring easy.

Evenica relies on over 20 years of experience and a perfected methodology to provide direct and quick e-commerce implementation. We're able to give our customers white-glove concierge services to ensure business value is optimally achieved. Our culture of earnestness is a shared success with our customers, and we employ staff who are forward thinkers who actively seek creative solutions. We're able to offer high-value e-commerce solutions through honed efficiencies, deep experience, and our own portfolio of respected software.

"Evenica offers customer-driven technology built on Azure that just works. It unlocks best practices, creative insight, and competitive advantage," said Sadek Ali, CEO & Co-Founder of Evenica. "Microsoft redefined business in the cloud, and together we are just getting started."

"Through Microsoft Azure Marketplace, customers around the world can easily find, buy, and deploy partner solutions they can trust, all certified and optimized to run on Azure," said Jake Zborowski, General Manager, Microsoft Azure Platform at Microsoft Corp. "We're happy to welcome Evenica's solution to the growing Azure Marketplace ecosystem."

The Azure Marketplace is an online market for buying and selling cloud solutions certified to run on Azure. The Azure Marketplace helps connect companies seeking innovative, cloud-based solutions with partners who have developed solutions that are ready to use.
